OC-LIGHT ‘Eiken’

Immunological Fecal Occult Blood Test

- Easy one-step operation
- High sensitivity, 10µg Hb/g (50ng/mL)
- No dietary restrictions
- Result in 5 minutes
- Hygienic sampling bottles

Twist the green cap to withdraw the sampling stick.

Scrape the surface of a stool all over to cover the tip of the sampling stick.

Insert the sampling stick into the sampling bottle. Close the cap tight. Shake it vigorously several times.

Positive

Negative

Retest
Reaction principle

a. Human Hb positive

b. Human Hb negative

Performance

Positive Rate Guaiac FOBT vs OC-LIGHT

Normal Case (endoscopic examined)

Colorectal Cancer patient Case
